

Polytype Converting is your supplier of coating technologies and lines for the surface finishing of a great variety of flexible films and papers for highest demands. Our activities are first and foremost geared to our customers and their products. As a leading technology supplier in our segment, we develop comprehensive solutions meeting our customers' demands with regard to quality, productivity and optimized production costs.

For our Fribourg location we are, as from now, looking for an

ePLAN Electrical planner / designer (m/f/d)

Your Tasks

- Production independently of design documentation for the construction and installation of machines using the CAE ePlan P8 software (wiring diagrams, terminal diagrams, technical drawings, parts lists, order lists, etc.)
- Selection and dimensioning of components and materials, tendering with suppliers, creation of cable and parts lists.
- Selection and implementation of the required safety technology, validation of the safety functions of the control system by means of the SISTEMA software.
- Compliant implementation of national and international standards and directives as well as compliance with customer-specific requirements, creation of test documents in accordance with EN 60204-1.
- Contact person for our customers, our cooperation partners and our internal specialist departments, discussion of interfaces at national and international level.

Your profile

- CFC/EFZ/AFC graduation as Planner-Electrician/Electrical Field Electrician/Automation Technician or a title deemed equivalent in the field of electrical engineering (energy technology, electro-mechanics or automation).
- You have at least 2 to 3 years of significant experience in a similar position.
- Knowledge of current CAD/CAE programs, ePLAN P8 preferred.
- Technical orientation, with an analytical and proactive mind, you are rigorous and dynamic, a team player, open and flexible.
- French or German mother tongue with a good knowledge of the other language, good knowledge of English.
- Willingness to travel (2-3 days depending on the project).
- Comfortable with MS Office and Visio products.

You can expect a diversified range of tasks. We look forward to receiving your convincing application, stating the earliest date you could start and your salary expectations. Thank you for sending your application in PDF format and summarizing all documents in one file.
