

Polytype Converting is your supplier of coating technologies and lines for the surface finishing of a great variety of flexible films and papers for highest demands. Our activities are first and foremost geared to our customers and their products. As a leading technology supplier in our segment we develop comprehensive solutions meeting our customers' demands with regard to quality, productivity and optimized production costs.

For our Hamburg location we are, as from now, looking for a

Supply Chain Manager (m/f/d)

Your Tasks

- Search and selection of suitable suppliers of large components and turnkey services
- Preparation of inquiries and specifications in consultation with the project management and engineering department
- Preparation of international purchase and service contracts
- Contract negotiations with suppliers
- Coordination with suppliers regarding technical issues and optimizations
- Securing of a delivery respecting budget, time schedules and quality
- Processing of defined purchasing processes from the inquiry up to the delivery control
- Coordination of the internal communication with the project management and engineering department
- Handling of complaints

Your Profile

- Completed degree in economic engineering or completed degree in machine engineering (or completed technician's education) with an additional commercial education
- Professional experience in the field of contract law
- Experience with products in the field of machinery and plant engineering, preferably including purchasing experience
- Good written and spoken English skills, further languages (e.g. French) will be appreciated.
- Willingness to travel
- Positive attitude with a high willingness to communicate with the suppliers
- Structured and target-oriented working style
- Convincing and successful negotiation skills.
- IT skills of MS-Office applications
- Independent and team-orientated way to work

You can expect a diversified and interesting range of tasks offering you a large variety of design and development possibilities. We look forward to receiving your convincing application stating your salary expectations and the earliest date you could start. We ask you to please send your application in pdf and to combine all documents in a single file.
